Rentabike Mellerdall is a regional bicycle rental project.

The service has grown rapidly over the past 10 years, from one station in Berdorf in 2011 to more than 10 rental stations in 2024. Rental numbers rose from a few hundred in the early years to an average of 5000 rentals in the last three seasons.

The team has expanded and currently has almost 15 employees. Our goal is to reach 5,000 lettings per year but to look for quality before quantity
